

▼ RECYCLED TECHNICAL FIBRES	PROCESSES
- Carbon fibres (all types to suit your own requirements) more than 70 fibres available.	Milled (at 50 to 450 µ) with low dispersion Precision-cut (from 100 µ to 50 mm)
- Aramid (para-aramid or meta-aramid)	Milled (at 50 to 450 µ) with low dispersion Precision-cut (from 100 µ to 50 mm) Pulled for spinning/nonwoven application Random cut
- Silica	Cut and mixed as required
- Ceramics	Cut and mixed as required
- PPS FIBRES	Trading or processing on request
- Oxidized pan fibres	Trading or processing on request
- PTFE	Trading or processing on request
- P84	Trading or processing on request
- Peek	Trading or processing on request
- Glass fibre	Trading or processing on request
- Flax fibres	Precision-cut (from 100 µ to 100 mm)
- Hackled flax fibres	UD PREPREG for thermoplastic/thermoset appl.
▼ SYNTHETIC PRODUCTS	PROCESSES
- Drawn polypropylene → yarn → stock lots → transitional colour → fibre (1-300 Dtex / 40-150 mm) → stock lots → transitional colour	Precision-cut, cut at random, pulled, carded
- Undrawn polypropylene (extrusion) → hard → soft	Baled, cut, pulled
- Drawn polyester → yarn → fibre	Baled, cut, pulled
- Undrawn polyester (extrusion)	Baled, cut, pulled
- Polyamide 6 → yarn → stock lots → shearing lint	Baled, cut, pulled
- Polyamide 6.6	Cut, pulled, garnetted
- Glass fibre (recycled)	Cut
▼ NATURAL PRODUCTS	PROCESSES
- Jute carpet	Pulled
- Kennaf	Shredded, pulled, cut
- Coconut	Baled
- Jute carpet bags	Pulled
- Jute carpet cuttings	Pulled, cut
- Jute carpet caddies	Pulled, cut
- Wool	Pulled
- Flax → rescutched tow → hackled sliver → combed sliver	Shredded, pulled, baled Hackled, cut Carded, combed, cut
- Cotton	Pulled
- Hemp	Cut, treated
- Sisal	Pulled
▼ BLENDS	PROCESSES
- All kinds of cheap pulled PA/PP/WOOL/PES fibres.	Cut, blended, pulled, treated
- Rigid specialisation for intimate blending of FLAX-PP or other natural materials with PP (first choice or recycled) for composite applications in car interiors (door panels, back shelves, boot structure components etc.).	Cut, blended, pulled, treated
- By customer request, we can also add special treatments, such as fire retardant or fungicidal, to the processed fibres.	Treated
